Introduction

Welcome to our first catalogue

Early this year upon the retirement of Ramsay Daffodils we were in the fortunate position of being able to purchase their collection. This combined with our own stocks has enabled us to provide to you some of the finest daffodils available in the world today. We have extensive experience in the plant industry. Robin has been exhibiting daffodils for the last forty years whilst Ian is a qualified horticulturist and has operated both a large wholesale nursery and several Garden Centres.

It is our intention to make available not only the latest releases from varieties raised by Ramsay Daffodils but to also make available varieties raised by other New Zealand Hybridists. These will be introduced to the catalogue as stocks permit.

In this inaugural catalogue we are proud to introduce four new varieties raised by Peter Ramsay. All have shown to be proven winners and we are sure that they will not disappoint you.

In this our first year's catalogue we feel very privileged to be able to introduce four new varieties raised by Denise and Neil MacQuarrie. These varieties have been proven on the show bench over several years and we are sure that you will enjoy growing them.

We will be certified for export and will be able to send bulbs to both the USA and United Kingdom.

We are growing many other varieties that are not listed. Please enquire if there is a variety that you want that we may have stocks of.
